(P. Diddy)

Yo, I'm Internationally known, on the microphone  
I got it all, but I really need a wife, at home  
I don't really like the zone, never spend the night alone  
I got a few, you would like to bone, but  
Chicks that romance, don't tickle my fancy  
Boning, Tiffany, Nancy, that's not what my plans be  
Need a girl, that can stand me, raise me a family  
Go from trips to DeLancy, to trips to the Grammy's,  
cause  
Most of these girls, be confusing me, I don't know, if  
they really love me  
Or they using me, maybe it's the money, or maybe you  
ain't used to me  
Cause you was depressed, and now, you abusin' me  
That's why, I need me a girl, that be true to me  
Know bout' the game, and know how it do to me  
Without a girl, on my side, shit'll ruin me  
Forget the world, girl it's you and me, now let's ride!

(Chorus: Usher)

I need a girl, to ride, ride, ride (ride wit' me)  
I need a girl, to make my wife (I need a girl, that makes  
me feel so good,  
Inside)

I need a girl, in my life

(Loon)

Yo, yo, I done met a lot of women, in my lifetime  
But see, it's not a lot of women, that got the right mind  
I done had pretty chicks, wit' all the right features  
And hood-rat chicks, that only rock sneakers  
Cell-phones and beepers, and know how to treat ya'  
You break her heart, she'll walk out, and leave ya'  
I find a girl, I'm a keep her, cause know I'm getting  
money  
And the game getting deeper, yo' on some real shit  
I need somebody, I can chill wit', I need somebody, I  
can build wit'  
I need somebody, I can hold tight, wintertime, and the  
full-length's  
Snow-white, anytime, we together, feels so right  
You the girl, I been looking for, my whole life  
God blessed me, I'm glad I got the insight  
Because of you girl, now I understand life, I need a  
girl!

This shit is wild, all them days, that I reminisce  
About the way, (Oh', no, no, no), I used to kiss, them

But as long as you happy, (Oh', no, no, no, no)
