Yo what up?
This shiny suit man
Now, i know you've heard my name before
You know, whether it was out the mouths of other
rappers.. or you know, the lox,
Or you know whoever else wanna say my name is the
shiny suit man
But then not wanna say my government name
My government name is sean combs.. sean john combs
Some of you may even know me as puffy.. puff daddy..
or p. diddy
But i just wanna get the record straight
That when they talking about the shiny suit man
They talking about me
And i own this five hundred million dollar
Shiny suit
And, oh yeah, next time.. say my name
If you really a man, just call on
SHINY SUIT MAN!
Hahah.
