[P. Diddy]

1, 2, 1, 2

yeh y'all can hear me

make the drumming sound yeh

lets ride yeh yeh

be clear we here lights out

eat here sleep here my house

rhyme wasting time wasting

feds want me caged in

hope they got patience

more you win they want you to lose

I don't floss no more I drop jewels

Hope we might chill the heights real

Still we got fire that will melt your ice grill

Know the deal once we hit record

Hit the floor

New era this is war

Lord I'm the answer without a question

No evidence no possession

Stop stressing

Shit I got moves to make

Streets is dark but still I illuminate nigga

I could see the way

Till I see the end to me and BIG meet again yeh

[Mark Curry]

Curry going hit again

Dreams your living in

This what you coulda been

Every city foot scene gets scrilla with em

kid shortchange the dealer

the game be gorilla

ain't nothing illa

aka 800 toll free aside

I rose to be a Bad Boy til' I die

The official bonafide (fide)

Tested and tried (tried)

Get in like Canson

Work from the inside

When I ride eyes are wide

Ain't that I lick when I walk

My some pimping to my stride  
Some wit a emphasis on my side  
Cause I understand niggas out to get I  
Living the life  
Is no lie  
Been a great thing to do  
Nuttin I could think change the view  
Although it might seem strange to you  
Its plain to me  
I'm here with you  
Lets give them what they came to see

[Big Azz Ko]  
Yow yow aiiyo  
We exceptional  
Congressional  
Its best that you bester crew  
Wit your flesh going bruise  
Blood goin ooze and  
However you choose your ass goin lose  
This ain't the blues  
Don't things that cruise  
Go bring the news  
Wit flows meaning cruel  
From few options  
To cruise hopping  
Now fools plotting cause I chart topping  
From bounce checks to being in effect (fect)  
And it don't stop till they reinterbect  
Rhyme calisthetics  
Bad Boy anesthetics  
Will twist me like crippie  
Amanda Chevitts  
Back flips tactics  
Be on measure  
Hat tricks wit only dimes and better  
Nigga just for that cheddar  
O please I switch cheese to leather

[Loon]  
Uh yeh uh yeh uh  
Check it out yo  
Y'all niggas say what y'all wanna say  
Feel how y'all wanna feel  
Who give a fuck dog kill who you wanna kill  
Just keep it real when it come to me  
Cuz all my niggas in the slums kinda hungary  
On my right where my gun going be  
Bitches ain't getting a crumb from me  
Member when niggas used to run from me  
All of a sudden niggas names is buzzing

Nigga in the game got a little chain becuz  
Heard the nigga signed a major budget  
But I'm the nigga made you love  
Now you wanna change the subject  
I ain't sweating that animosity  
I'm deading that  
Instead of rap imma smack you dead in your trap  
I don't give a fuck what I said on a track  
Niggas know me better than that  
Niggas I could neva be wack  
My money way to ahead of you cats  
I'm going strait to the top where the cheddar be at  
Wassup wit that  
Yeh bad boy nigga  
Fuck y'all wanna do
