Did you ever wonder what went wrong
I always do
Don't you ever wanna work things out
I always do
'Cause you never want our love to grow
But I always do
Funny how you never thought we'd last
I did too
Everything's alright
Without you my life's so fine

[chorus]
I remember the days when you were mine
All this time
How could I have been so blind?
Since you've gone
I've been feeling so right
Everything's alright
I don't want you back

Funny how I kept fighting for our love to last
Only to find out you're not worth fighting for

Everything's alright
Without you my life's so fine

[repeat chorus 2x except the last line]

[repeat chorus 2x except the last line]

[repeat chorus]

Without you my life's so fine
Everything is just so right
I don't want you back
