Here I stand in a road
Trying to find a way from a broken heart that I get

You know I cried a thousand times before you left
I'd been missing you
You know that if you'd go away without me now
I'll be missing you

CHORUS:

Coz it's over
There's nothing I could do
Coz it's over
But I'm still in love with you
Coz it's over
There's nothing I could do
Coz it's over
But I'm still in love with you

Tears are falling down from my eyes
As I cry
Remembering all the fun we had
But there's nothing I can do

A thousand times before you left
I'd been missing you
You know that if you'd go away without me now
I'll be missing you

CHORUS

With you! oh..oh..oh!oh
With you!
With you.. oh yeah..
But I'm still in love!
Over..
But I'm still in love with you!
Over!
But I'm still in love with you!
