I don't know what to say
When you want me to be
Your honey sweaty thing.
And I would rather say:
Come on babe like my thumb
You will know who's my mum,
And now there's nothing else
That suck my dick and head.

Before take off my pants
And starting make it out,
Remember who's you next
Instead thinking of your breast.
Come on babe make me cum,
I want to rise to hell;
Be in the 7th sky,
Just be there for a while.

You have chosen your life,
Being a hooker and wild.
You love sex among men.

Now that you've discovered
That you're such a bitch,
You can work by your own,
Make people share your tits,
Earn \$500,
Just wearing black stockings,
Come back late to your flat
And thinking 'bout nothing.

You have chosen your life,
Being a hooker and wild.
You love sex among men.
