Kids coming up from the alleys, not like the valleys
South town, San Diego rats out here in Cali
So Cal with the crew to show' em how
You like me now, with the sound straight underground

Puttin' it down, lift up this jewel that I have found
And pass it around, flowing against the crowd
Hip-hop hardknox rhymin' soon as the tune drops
Negative small talks, homie star kickin' rocks

And take it all down the blocks where it belongs
A demo of songs but they wouldn't put me on
Thought I was gone, too late, but who's to say
My pockets are empty and I got dues to pay

To the tic tock you don't stop
And to the tic tock you don't quit, hit it

Freestyle, freak with the flava it's the sure shot
Floss up the ave, when the spot gets hot
Still payin' dues and knockin' 'em out the box
That's how it is homie, like it or not

Freestyle, freak with the flava it's the sure shot
Floss up the ave, when the spot gets hot
Still payin' dues and knockin' 'em out the box
That's how it is homie like it or not

It's bad enough, late bills keep stacking up
No one ever told me that it would cost this much
So buckle up and come along for the ride
Catching the vibes and staying true to my tribe

I got mad love for the one's that still around
Knew you'd be down from the get-go here and now
You make me proud from the diapers to the grave
No masquerade, stayed the same like in the day

And one day when we all get saved
We're gonna change the world no matter what they say
And stay real playin' what we feel
I'll keep prayin' for you while you shoot to thrill

To the tic tock you don't stop
And to the tic tock you don't quit, hit it

Freestyle, freak with the flava it's the sure shot
Floss up the ave, when the spot gets hot
Still payin' dues and knockin' 'em out the box
That's how it is homie, like it or not

Freestyle, freak with the flava it's the sure shot
Floss up the ave, when the spot gets hot
Still payin' dues and knockin' 'em out the box
That's how it is homie, like it or not

It's been a long time, it's been a long time
It's been a long time, it's been a long time
It's been a long time, been a long time comin'
Been a long time, been a long time comin'
Been a long time, been a long time comin'
Been a long time, been a long time comin'

Hated by many and loved by less
Hold the thresh, resurrected here in the West
Clinch the fist, dismiss the stereotype myths
Loose lips sink ships, then plead the Fifth

You hated this, no reason you hated this
If you only know you'd be the first one to enlist
We come in love cause it's just how we does
Fit the frame staying the same as it ever was

To the tic tock you don't stop
And to the tic tock you don't quit
And to the tic tock you don't stop
And to the tic tock you don't quit, hit it

Freestyle, freak with the flava it's the sure shot
Floss up the ave, when the spot gets hot
Still payin' dues and knockin' 'em out the box
That's how it is homie, like it or not

Freestyle, freak with the flava it's the sure shot
Floss up the ave, when the spot gets hot
Still payin' dues and knockin' 'em out the box
That's how it is homie like, it or not

It's been a long time, it's been a long time
It's been a long time, it's been a long time
It's been a long time, been a long time comin'
Been a long time, been a long time comin'
Been a long time, been a long time comin'

Been a long time, been a long time comin'
