I cry why, oh, why did my mommy have to die?
Too many questions, no answers confuses my mind
Like what did I do, what did she do, who's to blame
No one understands what I'm going through

So how can I trust what I can't touch and can't see
Believe in love and she's in front of me
Silence in your eyes, my heart so cold
No time for goodbyes, then you leave me alone

So what do I do accept it and carry on?
Or release my anger, until it's gone
Show you and this world exactly
How I feel death in full color

It's never been so real, it's been me and you
It's always been me and you
No matter what we faced, we always made it through
Get out of this dream, do what I gotta do
No one can take your place and I don't want them to

If I could take your place, I would, I would take your
pain
Just to see you smile and say my name
Just to hear you laugh and hear you cry
I don't understand, I don't know why

I've never been it this state of mind, life just don't make
sense
With you I could move mountains, right now I'm
helpless
I guess, you always knew what was best
Believed in your God, till the very last breath

You showed me how strong you can be
If Jesus saved your life, could he do it for me?
I'll lay down my life for you and for Him
Believe God's promise, I'm gonna see you again

Lord here I am but I am no one, believe in Your name
Believe in your Son, if you meet me here I will wait on
you

Sacrifice and serve, do what you want me to
I'll take it day by day and sit at your feet

You are strong when I am weak
I seek to keep from going under
Until I hold you again, I'll always wonder

Why did my mommy have to die?
Why did my mommy have to die?
Why did my mommy have to die?
