(ha u know some ppl just dun know what i'm talking
about
but i know u understand, kuz i know u believe)

Baby i believe
that u were meant for me
and if there's somebody
then baby i believe
that somebody is you
and everything is you
kuz baby i believe
i believe in you

I walk home along
waitin' by the telephone
all my girlfriends say
give it up baby give it up
i know that u can see
this is how it's meant 2 be
you're my frequency
kuz baby i believe

baby i believe
that u were meant for me
and if there's somebody
then baby i believe
that somebody is you
and everything is you
kuz baby i believe
i believe in you
yeaa yes i do

know they dun understand
dreamin' up a master plan
i know that u can
give it up baby give it up
and it's a simple rule
u dun want to play it cool
leave me like a fool
kuz i believe in u

baby i believe

that u were meant for me
and if there's somebody
then baby i believe
that somebody is you
and everything is you
kuz baby i believe
i believe in you

one love is the prophecy
i believe it all came to the past
when u came to me
to set me free
sure is 1 and one is 2
yea i believe in you
kuz i believe in you
and it seems so real

i was dreamin' did u come to me
hold me closer for eternity
i believe

baby i believe
that u were meant for me
and if there's somebody
then baby i believe
that somebody is you
and everything is you
kuz baby i believe
i believe in you

(i walk thru the world and i see it all
i never look down in case i fall i'm off the wall
and i still believe)
