Evil eyes behind their smiles  
You swallow it up when sincerity lies  
Lock me up, label 'dangerous' files  
Fear of the unknown, so scared of my style

Alert the press and address the states  
Of emergency, we the crew you love to hate  
First mistake, you were never ready  
Dance with the dead, better be ten times more deadly

This is me, I'm always the same  
Virus in the system, crash the mainframe  
Uprise, now fall in line  
Roll with the pack or get left behind

It's a masterpiece conspiracy  
It's a masterpiece conspiracy  
It's a masterpiece conspiracy  
It's a masterpiece

I'd rather hear it from you than be lied to  
Call it what it is like the heathens do  
Red lights of betrayal, deceived again  
Exposed by the light, true colors ascend

Take down the regime, break the trend  
Bumrushed by your peers and your so-called friends  
Keep your people tight, watch your enemies close  
Trust what you know, soon enough they'll choke

Where were you when we started this thing?  
You wasn't around, this ain't yours to claim  
You'll never take what's been given to us  
Wipe that smile off your face and that look of disgust

Uprise, now fall in line  
Roll with the pack or get left behind

It's a masterpiece conspiracy  
It's a masterpiece conspiracy  
It's a masterpiece conspiracy  
It's a masterpiece

Liar, back stabber, betrayer, deceiver  
Liar, back stabber, betrayer, deceiver, liar

[Incomprehensible]

And you're such a back stabber  
And you're such a back stabber  
And you're such a back stabber  
And you're such a back stabber

And you're such a back stabber  
And you're such a back stabber  
And you're such a back stabber  
And you're such a back stabber
