Living on the streets of nowhere  
Nobody understands and nobody cares  
Nobody Listens, so who can I tell my life is just a living  
hell  
I'm going back and forth no one to turn to  
Slowly losing my mind so what am I doin'  
If you could only see the pain and hurt in my soul  
But you don't understand me so how could you know  
Sometimes it gets so bad I think I'm losing it  
Can't get a hand out of life so I'm losing my grip  
And when you lose your grip, then you begin to slip  
Death is just waiting one to trip  
Heading down the path to nowhere  
No one can hear me, 'cause nobody's there  
Life gets darker and there's no light at all  
When the ways of this world just prepare me for the fall  
What can I do, what can I say  
I don't know love, only hate  
What would you do if you were me?  
I guess you'll never know  
How would it feel to walk in my shoes  
A victim of this world only used and abused  
Trapped in a box with the walls coming down on me  
Suffocated by my sin, it keeps drowning me  
They say they know how I feel  
Let's end it all, right now, that's how I feel  
Don't have a care in the world, life means nothing  
Don't look back, don't look back, just keep running  
Run - Keep running  
Run - Keep running

How long, o Lord?

Will you forget me forever?  
How long will you hide your face from me?  
How long must I wrestle with my thoughts  
And everyday have sorrow in my heart  
How long will my enemy triumph over me?  
Look on me and answer, o Lord my God  
Give light to my eyes or I will sleep in death  
My enemy, will say "I have overcome him"  
And my foes rejoice when I fall

But I still believe in you Lord  
And I know that you're real, you're so real Lord  
Come and take me away from this place Lord  
Everyday I will follow and seek your face Lord  
But I trust in your unfailing love  
My heart rejoices in your salvation  
I will sing to you my Lord  
For he has been, for he has been  
Good to me  
You're the one who rescued me  
And you're the one who set me free  
I kept on running, but there's nowhere to hide  
You took me in with your arms open wide  
You loved me first when no one else would  
You died for me so I give my life to you  
False hopes and lies  
But you're the one who's next time I run  
I'm running straight to you
