Satellites

Satellites

I wonder how clear it must look from there to here  
No obstruction, this selfish corruption  
All in this atmosphere  
No fear, less tears, only time to catch my breath  
I fail to inhale  
Your love constricts my chest

Confusion blinded me, mental and physically  
And it's because of you that now I can see  
So now I can run, I follow the son and ride on to Zion  
And dance this last song of freedom

But only time will tell, if it's truly for real  
Can't change your mind, all I know this is what I feel  
Whether I'm wrong or right, please keep my life in sight  
And never take you eyes off me

As I look up to the sky today  
Well I can see you looking down on me  
It brings a smile to my face again  
S-S-Satellite

Satellites

Satellites

It's truly one of a kind, like star shine  
Beyond night time, are you there?  
My eyes stare to find  
Just what's behind this blind notion of mine  
Is it genuine?  
'Cause sometimes, it plays tricks with my mind

Some call it asinine  
But it's like love or hate, now is that real or fake?  
Cause it's a real thin line, but that's your choice to  
make

The question at hand, help me understand is this your  
plan?

I think I can, can I think? Then I think I can  
Because I won't break and I won't shake

With lifted hands to this man, I'll stand in faith  
I'll make it through, my trust in you  
Close my eyes, make a wish, kiss the sky  
Hey there, I see you

Shining light, shining light  
Blinding light, blinding light  
Shining light, shining light  
Blinding light  
S-S-Satellite

Satellites  
Satellites  
Satellites  
(When I look up to the sky today)  
(I can feel you looking down on me)  
Satellites  
(It brings a smile to my face again, satellites)

Satellite, satellite  
Guiding light, guiding light  
Shining bright, shining bright  
Guiding light, guiding light  
Satellite

(As I look into the sky today)  
Satellite, blinding light  
(Satellite)  
Blinding light, shining light  
(It brings a smile to my face again)  
Shining light, guiding light  
Guiding light

It's truly one of a kind  
Like star shine  
Beyond night time

Are you there?  
Are you there?  
Are you there?  
...
