Our time has come watch me set it off  
It's been a while we're back so you could count it loss  
We lie and wait don't hesitate  
When opportunity knocks break the lock and rush the  
gates  
Seize the day we got moves to make  
It's got to be now 'cause we're half past late

Say what you say but you ain't shown me nothin'  
If you want me to feel you and your best to give me  
somethin'  
All bark and no bite talkin' all hype  
I hang with the illest you I don't recognize  
Desensitize and paralyze  
Sabotage headquarters flood your bloodlines we  
sterilize

Here we come chant down dem Babylon  
The wicked man when he sees me I go run  
Me understand why the cowards don't want none  
Underground blaze the sound to Armageddon

Our time has come set it off  
Rise  
Let your spirit fly  
Rise  
Stand up for yourself  
Rise  
Hold your head up high

Our time has come set it off  
Rise  
Let your spirit fly  
Rise  
Stand up for yourself  
Rise  
Hold your head up high  
Our time has come set it off

Choose my battles unravel your crew dismantle  
They still can't handle or fathom what I throw at them  
I can't imagine they babblin' actin' like I'm laughin'

Don't find it funny but I smile at your sarcasm  
You plastic so tragic you fake so you mask it  
No gimmicks no antics we do real and we've outlasted

Your phoniness so you best to come correct  
You want to disrespect why do cowards talk the  
loudest?  
Papa didn't raise no punk on everything I love  
If you ready then come and get it son  
Overpower the strong tower  
Infiltrate top ranks count down the final hour

Here we come chant down dem Babylon  
The wicked man when he sees me I go run  
Me understand, why the cowards don't want none  
Underground blaze the sound to Armageddon

Our time has come set it off  
Rise  
Let your spirit fly  
Rise  
Stand up for yourself  
Rise  
Hold your head up high

Our time has come set it off  
Rise  
Let your spirit fly  
Rise  
Stand up for yourself  
Rise  
Hold your head up high  
Our time has come set it off  
Rise

Let your spirit fly  
We're there, we're there  
We're made to fly  
Let your spirit fly  
Don't you claim, don't you claim  
Don't you claim on me  
Let your spirit fly  
We're there, we're there  
We're made to fly  
Let your spirit fly

Rise, rise, rise, set it off  
Rise  
Let your spirit fly  
Rise  
Stand up for yourself

Rise  
Hold your head up high

Our time has come set it off  
Rise  
Let your spirit fly  
Rise  
Stand up for yourself  
Rise  
Hold your head up high

Our time has come set it off  
Rise  
Let your spirit fly  
Rise  
Let your spirit fly  
Rise  
Let your spirit fly

Rise  
Let your spirit fly  
Rise  
Let your spirit fly  
Rise  
Let your spirit fly  
Our time has come set it off
