Whatever it takes
(And)
We gots to separate
Whatever it takes
All these true from the fakes

Whatever it takes
(And 'cause)
This is how we show and prove
Whatever it takes
'Cause we ain't got nothin' to lose

Whatever it takes
(And)
We gots to separate
Whatever it takes
All these true from the fakes

Whatever it takes
(And 'cause)
This is how we show and prove
Whatever it takes
'Cause we ain't got nothin' to lose

Whatever it takes face to face with aggression
Debolish and molish the opposition
Armored to be the stronger and conquer my
competition
This ammunition, fills a vision that makes decisions
I told you once before but it's obvious you didn't listen

So listen closely, or next time you wanna quote me
And take my advice, you'd be wise to not approach me
And learn your lesson, hit this class and you're over
session
Found the test and had no idea with whom you're
messin'

Whatever it takes
(And)
We gots to separate
Whatever it takes

All these true from the fakes

Whatever it takes
(And 'cause)
This is how we show and prove
Whatever it takes
'Cause we ain't got nothin' to lose

Whatever it takes
(And)
We gots to separate
Whatever it takes
All these true from the fakes

Whatever it takes
(And 'cause)
This is how we show and prove
Whatever it takes
'Cause we ain't got nothin' to lose

Whatever it takes
(And)
We gots to separate
Whatever it takes
All these true from the fakes

Whatever it takes
(And 'cause)
This is how we show and prove
Whatever it takes
'Cause we ain't got nothin' to lose

Transformin' the mindset, but how quickly do those
forget
One hundred miles to run and ain't even broken a
sweat
Until the death, we won't settle for nothin less
No need to creep you knew we was comin but still you
slept

But it's time to rise up was just built up from deep
inside
Actin' like you was down now that leads to a collide
Best to recognize, starin' at me, because you shook
Whatever it takes, is what it took

Whatever it takes, whatever it takes
Whatever it takes, whatever it takes
Whatever it takes, whatever it takes
Whatever it takes

This is our house and this is where we live
And ain't nobody
Gonna mess with us, in our house this is our house
(This is our house)

Whatever it takes
(And)
We gots to separate
Whatever it takes
All these true from the fakes

Whatever it takes
(And 'cause)
This is how we show and prove
Whatever it takes
'Cause we ain't got nothin' to lose

Whatever it takes, whatever it takes
Whatever it takes, whatever it takes
Whatever it takes

Whatever it takes, whatever it takes
This is our house, this is our house
This is our house, this is our house
This is our house, this is our house, our house
Whatever it takes, whatever it takes
