Imagine a place on here soaked in vision
The heart of a child who looks, sees, and listens
Paints a picture using every color
And what she sees she sees it like no other

One word, a voice unheard
You can Change The World
With everything I know your made of
One word, a voice unheard
You can Change The World
If everyone would stop and listen

The art of innocence makes so much sense
Of a place there no wrong has well then it's wasted
Filtered through the eyes of a pure mind
A one of a kind, paradise for you and I, you and I

One word, a voice unheard
You can Change The World
With everything I know your made of
One word, a voice unheard
You can Change The World
If everyone would stop and listen
Break the cycle, find your rhythm
Share the gift that you've been given - Love
You can, You can Change The World
You can Change The World with love

One word, a voice unheard
You can Change The World
With everything I know your made of
One word, a voice unheard
You can Change The World
If everyone would stop and listen

One word, a voice unheard
You can Change The World
With everything I know your made of
One word, a voice unheard
You can Change The World
If everyone would stop and listen
