Oh, yeah, yeah, Come on!
Walked in the place, and everybody looked down at we
Disgust on their face, but we don't mind cause we're
too busy smiling
Never get in my face, that's not the way to
understanding
And ignorance is blind, so this time, this time we gonna
let it ride

I know, that I know, that I know, that this is,
I know, that I know, that I know, that this is real
I hate to disappoint you, but this is how I feel.
And let me introduce to you myself,
Say hello to the bad guy.

Can't plead my case, the jury's out won't give me a
chance,
Cause I don't think the same.
They shut down the court, kidnapped the judge.
Now they sit in his place,
And who are you to make up what's right, deciding my
fate?
I know your kind, I have, and I will carry on.

I know, that I know, that I know, that this is,
I know, that I know, that I know, that this is real
I hate to disappoint you, but this is how I feel.
And let me introduce to you myself,
Say hello to the bad guy.
We're here to make you feel better about yourself
We're here to introduce you to yourself
Say hello to the bad guy!

I hate to disappoint you, but this is how I feel.
And let me introduce to you myself,
Say hello to the bad guy.
We're here to make you feel better about yourself
We're here to introduce you to yourself
Say hello to the bad guy!
