"All Of November, Most Of October"

Watch the pretty ones go
In their fancy clothes
And it's been decided
That I won't go out dancing
Tonight I'll go walking

If the weather gets too strange
I might stop by your house
For all of November in most of October
I had trouble remembering your name

Make toast, I've seen you
Two times and for today
I'm gonna let things shift
Try not to get in the way

I agree with you
And I think I know what you'd say
I don't think so
Leaves come down in different shades

A fall for one and all
So we can sing sad songs
