I'm ready to just go right now
I'm dreading the phone ring
Call at home, you're out with your mother
Filled with gladness
That you're not here yet
You're not here yet

Bird calls and snow falls
The weight gets so light and dark
I can't see what's going on

Snake'll she'd it's skin for you
And the worm won't do it
Please, it's all because

Don't wait for me to wait for you
Don't wait for me to wait for you
Don't wait for me to wait for you
Don't wait for me to wait for you

She stays home to clean
I'll see her later on
