I'm thinking
I'm waking now
At I don't know what time
I want it to go away
Yeah I don't care about it
But is this the part where
You don't stop complaining
Well be a dolladss
And leave me alone

It's waking call
But I have caller I'd
It's a message paul
Which you don't wish to see

Cause I'm thinking what noones read
So quiet
And make it in stereo
But is this the part where you don't stop complaining
Be a doll
And just leave me alone

It's a waking call
But I have caller I'd
It's a message paul
Which you don't wish to see
And I'm betting my right arm
Your behind this

Cause I'm thinking I'm waking now
Cause I'm thinking I'm waking now
