I'm on the rise
raising in debt
growing refined
still shot from lead
im on the corner
growing impatient
singing the turn style
growing much faster

this is the part of me i dont like
yeah ill say it
its my right

is there a chance
i was brought up by you
cause i wasnt planned
neither were you
bare foot and waisted
brought on by others
singing the turn style

this is the part of me i dont like
yeah ill say it
its my right
