Everyone got to follow his own way
Everyone got his own destiny
But there is something we all share together
It's the vision of Culcha Candela
We've been searching long time to find it
So many people and styles are behind it
We gonna bring a good change for the future

Uno tiene su camino cada uno tiene su propio destino
Pero hay una cosa que compartimos
Es la visi3n Culcha Candela que vivimos

We believe that dreams can be future
If ya carry on moving forward
Face reality and see what you can do
Everything that you want yo
We believe that dreams can be future
If ya carry on moving forward
Now we combine our roots and our soul fire
And then we come in as one
And then we go - straight back to our roots...
Again me go - straight back to our roots...
Culcha Candela take ya - straight back to our roots...
One more time me say - straight back to our roots...

Alright basse luganda ne banna ngaanda
Gunno mulanga eri abawumu ba africa
Muluana ganye ebbanga ddenne
Jadde mulichimu mulekere awo
Okuttingana mukolere wamu
Kirisa oli musira kirisa oli wamaanjy
Kirisa ojya kufuma kyojagala
Kiririsa mu bantubo kiririsa nsi yo
Kuuma obbaangwa ne family yo

... straight back...

... straight back to our roots...
