Come on, move it, move it!
Come on, move it, move it!
Come on, move it, move it!
Come on, move it, move it!

Es ist so angenehm dich anzusehn,
Wie wunderschön du dich bewegst
Ich halt mich fest, du lässt dich gehn,
Sowas hat die Welt noch nie gesehn
Wie du mich anmachst, wie du mich anlachst,
Bum-Bum-Bum-Bum-Bum
Mir wird so anders
Jeder Mann der Welt wird mich verstehn
Ich kündige, lass tanzen gehn.

You look so cute girl,
I wanna move it for ya,
The way you groove girl,
Make me wanna get to know ya,
I'm in the mood girl,
Let's dance a little closer,
Why don't you come over here?

Come on move it, move it! (Aaaaahh)
Come on move it, move it! (Aaaaahh)
Come on move it, move it! (Aaaaahh)
Bounce to the beat,
Come on move it right now.

Lass uns in Körperpersprache diskutiern,
I'm Discolicht philosophiern,
Nur du und ich,
Komm überleg nicht
Ich halt mich fest an deinem Beckenrand
Weil ich allein nicht schwimmen kann,
Nur du und ich,
Und alles dreht sich.

You look so cute girl,
I wanna move it for ya,
The way you groove girl,
Make me wanna get to know ya,

I'm in the mood girl,
Let's dance a little closer,
Why don't you come over here?

Come on move it, move it! (Aaaaahh)
Come on move it, move it! (Aaaaahh)
Come on move it, move it! (Aaaaahh)
Bounce to the beat,
Come on move it right now.

Come on move it, move it!
Come on move it, move it!
Come on move it, move it!
Come on move it, move it!

You look so cute girl, girl, girl, girl, girl,
The way you groove girl, girl, girl, girl, girl,
I'm in the mood girl, girl, girl, girl, girl,
Why don't you come over here?

Come on move it, move it! (Aaaaahh)
Come on move it, move it! (Aaaaahh)
Come on move it, move it! (Aaaaahh)
Bounce to the beat,
Come on move it right now.

Come on move it, move it! (Come my way and go
down)
Come on move it, move it! (Move your feet to this
sound)
Come on move it, move it! (Come my way and go
down)
Bounce to the beat,
Come on move it right now.

You look so cute girl,
I wanna move it for ya,
The way you groove girl,
Make me wanna get to know ya,
I'm in the mood girl,
Let's dance a little closer
Why don't you come over here?
