I'm a dirty motherfucker from di southside
I'm a fucked up smelling out my mouth right?
But I'm not giving myself up I pull my ass out the dust
Living up to da top ready to blast cause I trust in faith
And I know it's not to late
Even if they cut my dick I'm gonna get my shit straight
Cause I make my move and my move gonna take me
further
I refuse to lose and I hesitate to murder
I heard a lot of rumours about mine and one of dem
says
People dem a call me one a di tres tristes tigres
