I can't follow you in the direction you've taken  
come and stay with me 'cause i am soon to awaken  
just go live your live I'm not going to throw you a stone  
won't follow the direction which the wind has blown

chorus:  
no, don't let go and stay with me

chequea gente de mi barrio  
ponle buen ojo a la situacion  
resale a barbara y a san anton  
dos pasos pa' lante y superacion  
come on everybody get with the flow  
keep the party going on all night long  
tigueres y mujeres go get it on  
resale a tu santo por su proteccion

chorus:  
no, don't let go and stay with me

you said you would but you didn't show  
don't mean to rush you just take it slow  
feel your flow make your doe te gusta  
look at the people just clear the floor  
no se llega nada sin pasar dolor  
hechame agua no puedo con el calor  
just keep it cool como un refrigerador  
no le des mente light it up bamonos

chorus:  
no, don't let go and stay with me
