Sometimes you will see when you walk through life  
You just get it right. It's a natural high  
Yes, you understand who you're living for  
When you're going out. It's a natural high

You're my funky love that I always hide  
It's a little thing like a child's pure revelation  
The one you hide for life, baby

When you come to me like a dream at night from the  
hills above  
Like a sunset right sensation. The one you hide for life,  
baby

You're my funky love that I always hide  
It's a little thing like a child's pure revelation  
The one you hide for life, baby

When you come to me like a dream at night from the  
hills above  
Like a sunset right sensation. The one you hide for life,  
baby

Sometimes you will see when you walk through life  
You just get it right. It's a natural high  
The one you hide for life, baby

You're my funky love that I always hide  
It's a little thing like a child's pure revelation  
The one you hide for life, baby

When you come to me like a dream at night from the  
hills above  
Like a sunset right sensation. The one you hide for life,  
baby

The one you hide for life, baby

You're my funky love that I always hide  
It's a little thing like a child's pure revelation  
The one you hide for life, baby

When you come to me like a dream at night from the  
hills above  
Like a sunset right sensation. The one you hide for life,

You're my funky love that I always hide  
It's a little thing like a child's pure revelation  
The one you hide for life, baby
