One moment lost and passing me by  
Fielding me from my own destiny  
Taking away my pride cracking me into pieces...  
making me like a fool  
So now I stand here with this conviction... reaching our  
for perfection  
I put my life at stake for any reason... and it's time for  
turning back

Even getting my soul  
Even getting my self  
Stranded in this (so) lonely world

Although I've been hurt and things have fallen...  
shattering before my eyes  
I know I have something inside of me... and that's make  
me strong

Reff:

From this moment on I'll live  
From this moment on I'll stand  
From this moment on I'll be the best I can be
