One grain of sand  
One grain of sand in all this world, Mountain eyes of  
honey flowers  
Silver skin of ageless hours, Living high psychotic  
towers  
One crystal tear  
One crystal tear in all the world, Lovely tears of Erocks  
cries  
Mountain speed of empty lies, Cannot know the waiting  
sighs  
One by one girl  
One by one girl in all this world, Lovely lips of mystic  
gold  
Lovely lips of clinging cold, Blowing time of mysteries  
old  
Will she come this laughing day  
Will she hear what people say, Virgin wings of holy  
weeps  
Silver cross of mistress sleeps, Silent hours where no  
one peeps  
Will she know the scarlet sun  
Will she be the homeless one, Lovely lips of mystic  
gold  
Lovely lips of clinging cold, Blowing time of mysteries  
old  
One grain of sand  
One grain of sand in all this world, Mountain eyes of  
honey flowers  
Silver skin of ageless hours, Living high psychotic  
towers  
One boy one girl  
One boy one girl in all this world, Lovely tears of Erocks  
cries  
Mountain speed of empty lies, Cannot know the waiting  
sighs
