Lord, give me  
Strength to carry on in time  
I've seen me born in Luna's light  
The healing light...  
... To magic crystal skies!

Gazing to mystic starlit sky  
Dimensional flight -  
Princess Divine  
Guide me through the night  
With power within...  
... To magic crystal skies!

Like a lucid dream alive - a mystery  
Sworn the princess to set free this mystery

I am the warrior of my dreams  
Warrior in dreamspace...  
(The sirens sing)

Ethereal conversation:  
"Who are you to walk across  
The graves at this late hour?"  
"I am only a traveller  
In these dreams!"  
"We protect these dimensions  
With our eternal souls..."  
"I was sent by Aurora!"  
"Enter the gate and move on..."

Sword in mind I bear  
Princess in flames  
Dreamscape warrior  
Endless - my quest

Like a lucid dream alive - a mystery  
Sworn the princess to set free this mystery  
Sworn to set you free - this mystery  
I hold the key...

"From your day of birth until your final day

You were as determined as  
A warrior of these dimensions  
Now you've solved the riddle  
The palace lies before you"

Waiting for the break of dawn  
Crying for the time we all shall fight back!  
Waiting for the break of dawn  
Crying for the time when we shall all fight back!
