Bodies burned beyond all human belief  
Annihilation slowly sweeps the land  
All traces of mankind forever thrown into oblivion  
All feeble attempts to reign has failed  
A mankind born to suffer  
A breed left to die  
Hateconsumed and bleeding  
Relentless rapture rising to scavenge humanity  
A world destroyer now unleashed  
Slaughtered flesh aflame upon the pyres we die  
As sinners we burn dying in vain forever  
A mankind born to suffer  
A breed left to die  
Hateconsumed and bleeding  
Rapturous slaughter  
The final day has now come  
A mankind born to suffer  
A breed left to die  
Hateconsumed and bleeding
