Don't come too close  
You're pulling me in again  
Well, here it goes  
'Cause I've come this far  
I'm not holding it in again  
I'm letting you know

And she said  
Don't blame yourself  
It's just something's not feeling right  
It hurts to know  
And your eyes say it all  
But I refuse to give in again  
I'm letting you go

Just please leave me alone  
Before I get caught in every heartbeat  
Every moment

You know how hard this is for me  
And I just can't keep inside  
And never let it show  
You know how hard life's been for me  
If you just take in Stride  
Well, then you'll never Know  
All you're made of

Oh you're so beautiful  
But tonight is all we'll ever have

Does this lift you up?  
Or bring you down  
What isn't here?  
Could never be found

You know how hard this is for me  
And I just can't keep inside  
And never let it show  
You know how hard life's been for me  
If you just take in stride  
Well, then you'll never know  
All you're made of

All you're made of  
All you're made of  
In here
