She cries herself to sleep
But the tears won't go away
The best I can do is watch
Better hope for a brighter day
She whispers in the dark
About feelings long before
She said she's tried so hard
But know she can't hold on, no

So go on Try to forget me
I know this won't last for long
So go on Just wreck me
Said some thing's don't belong

She whispers with the Wind
About lovers long before
You shouldn't have grown so fast
It's a shame how no one knows
How you swallowed down your pride
Hoping it might come back someday
But, for now we'll just hold on to
Every moment, every way

So go on try to forget me
I know this won't last for long
Go on just wreck me
Sing that I can't believe but I'm
Sorry, it's over
Sorry, I'm Tired
Sorry, it's over
Sorry, it's colder in here

So go on try to forget me
I know this won't last for long
Go on just wreck me
Sing that I can't believe but I'm
Sorry, It's Over
Sorry, I'm so tired
Sorry, we're older now
I keep saying I'm sorry
But I'm so tired in here

She cries herself to sleep
But the tears won't go away
