They never said that it would be like this  
They never said for me to watch and learn  
I'd run ahead but I'm afraid of what I'll find  
I think I'll find I've lost my mind  
I've really done it this time  
Chorus  
(Na na na na na na na)  
I don't know where to go  
(Na na na na na na na)  
I've fallen behind  
(Na na na na na na na)  
You said You could turn the darkness into light  
I could use some light tonight  
I bet You knew that it would be like this  
I bet you knew just how this all would go  
You seem convinced that there is hope for me to reach  
for  
But have you tasted the tears that flow?  
How I wish I knew what You know  
Chorus  
Bridge  
Slow down, slow down  
I love You  
Slow down, slow down  
I need You now  
Someway somehow  
Chorus
