Give it up they say we're wasting time [we're wasting time],
But these different towns and people get me high [get me high],
When I hear the crowd sing every line from every song,
It just makes my heart explode, explode

The lights go down I hear the sound
Step to the mic I see the crowd
Whos with me when I say, lets get this party started
We wont back down
And no we can't give up
Coz this feeling that it gives me makes me feel
invincible

There's late nights and long rides home
Always get the best of me,
I wouldn't change it for the world

So were leaving,
Leaving town tonight,
Hearts as maps we say goodbye,
This all started from nothing so we sing,
We will do what it takes,
Living a dream forget past mistakes

As the last chord is played.
Oh I wish I could have stayed,
We're coming back, yeah we're doing alright
We wont back down
And no we can't give up
Coz this feeling that it gives me makes me feel
invincible

There's late nights and long rides home
Always get the best of me,
I wouldn't change it for the world

So were leaving,
Leaving town tonight,
Hearts as maps we say goodbye,
This all started from nothing so we sing,

We will do what it takes,
Living a dream forget past mistakes

There's late nights and long rides home
Always get the best of me,
I wouldn't change it for the world
