

Pain (American Band) "Pose Ode"

Pose, Pose, nobody knows
Just what we go through we go through for one of these
shows.
We have sweat on our nutsacks and corns on our toes.
But if you want to be honest,
Nutsack sweat feels pretty good
And corns only make me walk faster
Faster than I normally would.
Pose, Pose, why do you suppose
That Pain is our name?
Because that's what we chose
And life without Pain is a long endless chain
Of errors repeated again and again
So don't be afraid of Pain don't run away.
