I couldn't catch my breath  
You swept me off my feet, yeah  
You know the brightest star is  
The most difficult to reach

\*\*

You're so far away  
I know that you're the one  
That got away  
Why do you have to be  
So far away?  
I know that you're the the one  
That got away, that got away...

This picture's all I have  
And in my memories  
I never had the chance to tell you  
How much you meant to me

\*\*

You're so far away  
I know that you're the one  
That got away  
Why do you have to be  
So far away?  
I know that you're the the one  
That got away, yeah, that got away...

And I lost you  
And I miss you  
Tonight  
And it's too late  
And I can't wait  
On you now, oh on you now...

I stood with open arms  
I watched you wave good-bye  
And I relive that moment  
Each and every night

\*\*

You're so far away

I know that you're the one  
That got away  
Why do you have to be  
So far away?  
I know that you're the one  
That got away

You're so far away  
I know that you're the one  
That got away  
Ooooooh...  
That got away.
