A sick nation.  
Starvation (I guess that's what's in fashion).  
A bait & switch and guess who's gonna cash in?  
They wrapped it in cellophane and found a way to sell  
it.  
We're standing knee deep in shit.  
Can't you smell it?  
We'll disappear without a trace if we don't spit it right  
back in their fucking face.  
We'll die for that look.  
We'll cut ourselves up for that look.  
Self-esteem built on surgery and diet books.  
Fuck you.  
We're not buying what you're selling.
