In cold blood
Climbing through your bedroom window
Wisper your sins off my stangled heart
I can feel my hands are shaking
If this is me I must be faking
Obsession

I found myself in violence
I found myself today
In shame,insane

Throat cut open
Your white sheets turn red
Shades of darkness roaring in my head
I can feel my hands are shaking
If this is me I must be faking
I can feel my heart is aching
If this is me I must be faking
Obsession

I found myself in violence
I found myself today
In shame,insane

I vomit my pain
I'm tasting my shame
I'm drawing the blade
against you my lovely

make some noise!

I found myself in violence
I found myself today
In shame,insane
