"Next Morning Goodbye"

I dont know why I feel so badly
I can feel that my head is aching
I can tell that your up at and leaving
is this how my heart keeps decieving

every step carried my from you
all I do, just for you
next morning goodbye

hate myself, losing grip.. feeling cold
beautiful, burn it all.. believe it's true
makes no sence why this black heart shines
losing you

every step carried my from you
all I do, just for you
next morning goodbye
