You know what I want?
All presidents and Prime ministers fi hear this!
Good Times!
Lucifer is having a party in hell
Good times!
Who's his patron I can tell
Whether you are dressed in red
White or blue or pink or green
Rasta won't be there (on that scene)
Many bottles of whiskey will be down there (down a
bimbo)
Good times!
Many slices of pork will be there
Good times!
Rastaman a vegetarian
I am no barbarian
I don't need to be on your menu
There also have a bus ride too
Good times!
A jumbo jet will be flying, too
Good times!
You've got to be an inequity worker before you can
earn a ticket to sit
On any one of those transportation
This nation
Good times!
Satan is having a party down in hell
Good times!
Mi don't want nuh of dem dinner
Mi belly a go swell
Good times!
Have a bowl, a knife, a throat
You no know what in a the pocket of him cloak
Lucifer come so you better keep wake
Who is the conductor?
Lucifer is having a party down in hell
Have a good time!
Good times!
Rastaman a no junkie- him no drink wine
Good times!
By the sweat of your brow you eat bread

Some people say they will live and beg
But rastaman just can't live with that on his head
Good times!
Rastaman can not live with that on his head
Good times!
So when you see I work 'til I sweat (nuh call it no sweat
you know)
Good times!
My little one is called dignity
Good times!
I nuh work for Lucifer! I work for my community!
So the wet that came down my forehead is called
dignity
Whooah, don't you that
Good times!
Lucifer is having a party down in hell
Good times!
The chief ministers with their robbers and tief
Good times!
Don't think this owl a bite
Never steal my bother yet
Sleep on mi bed at night so mi nuh haffe fret
Whooah- good times!
Sleep on mi bed an mi quiet
Mi nuh haffe fret
Good times!
Never tried to kill an infant yet
For if you do that you eat food a Satan party 'til you wet
Everything in hell is for free
You can eat for both you and me
I don't want to be sitting next to you in a chair
Good times!
Satan is having a party down in hell
Good times!
Wicked man, you are invited, well
Good times!
I can not chew big bones so well
Threaten 'til me soundboy swell
Tell Satan fi go to hell
Satan is having a party down in hell
I won't be there!
Good times!
Satan is having a party down in hell
Have a good time!
