Hey Dreadlock!  
Babylon a run after you!  
And I fall down and a bounce I head pon a ganja root  
Vex bad, bad, bad.  
Me say ganja haffe grow big man  
With a bag of marijuana whole a heap a little bit (So)  
Babylon a show off pon, Rasta, gwaan like him no know  
He sell it by music to educate our children and police  
And gwaan pon I like nuff nuff wickedness increase  
Legalization fi the ganja herb!  
Legalization fi the ganja herb!  
We want it now  
Legalization fi the ganja herb! (How they legalize it  
inna Holland?)  
Legalization fi the ganja herb!  
United we will stand, divided we will fall, apart  
Lick up the chalice and mek that clean up your heart  
What kind of corruption you have on your tongue?  
To prison a man for a simple draw of herb (that grow  
from the earth!)  
Legalization fi the ganja herb! (Cut it down quick!)  
Legalization fi the ganja herb! (Me no a bad man, me a  
strong defender!)  
Legalization fi the ganja herb! (Oh, Babylon!)  
Legalization fi the ganja herb!  
A some time when them come with them and drive  
ambulance  
And a some time when them a tief up the area  
them a drive a fire truck with a bag in the back  
And some time when them a come a tek out  
them sure they drive all ship and coast guard thing  
Nuff coke a share from here to there  
And Rasta can't lick him chalice (The whole a we are  
one)  
Jah Ras Tafari! Must smite them things!  
As mi plant a seed, ya run come raid mi field  
Look inna I yaself and tell me the way you feel  
My children wake up in the morning without a nice  
meal.  
Simply because you can go wheel and tear down and  
mek a deal (Mi can't do like you)

Legalization fi the ganja herb! (Rasta need it now!)  
Legalization fi the ganja herb! (You need another  
conscience)  
Legalization fi we ganja herb! (Put it up quick!)  
Legalization fi the ganja herb!  
Some say we have to bite the bullet  
What about poor children have no teeth, a suck them  
ago suck it  
We have to sell the ganja herb,  
We buy a ticket (My God!)  
Down in a Babylon the situation, we just can't take it!  
(Back up!)  
Legalization fi the ganja herb! (Bounce me back!)  
Legalization fi the ganja herb! (Meditate on a ganja  
root)
