Poison the 666 conception now!!  
Hey slavedriver!  
I'm asking you this question again and again and again  
and again  
Work police- you false priest!  
Trying to indoctrinate Jah people but, (Hear me man)  
When will this payday be?  
Slavedriver  
When will this payday be?  
Tell us this hour  
When will this payday be?  
For these retired slaves (Let me ask you something)  
When will this payday be?  
Mr. Bigman  
When will this payday be?  
When will this payday be?  
For all these retired slaves (Ya a listen me?)  
My forefather worked down here  
On this great plantation  
True he didn't get no pay  
For all their wasted days  
Tell us now!  
When will this payday be?  
Mr. Slavedriver  
When will this payday be?  
Tell us this hour  
When will this payday be?  
For all these retired slaves (Lord)  
Will this payday be Monday?  
Will this payday be Tuesday?  
Tell us now!  
Will this payday be Wednesday?  
Wednesday Jah need a working day (Wednesday can  
be the  
working day)  
Can this payday be Thursday?  
Ben Johnson day  
Can it be Friday?  
The Regular Payday!  
Will it be Saturday?  
Saturday Jean shoemaker wife day

Why don't you give me that (I want it now)  
When will this payday be?  
Slavedriver  
When will this payday be?  
Oh, Jah  
When will this payday be?  
For these retired slaves  
Tell us now!  
When will this payday be?  
You better give me that-  
When will this payday be?  
Tell us this hour  
When will this payday be?  
For these retired slaves  
You beat my grandmother in the fields  
Rape her and call her a prostitute  
Fill the land with colored pay bills  
From an outlaw's race  
Chuh!  
When will this payday be?  
I'm asking  
When will this payday be?  
Backra Master the table is turned  
When will this payday be?  
For these retired slaves  
We nuh joke, we nuh take back nuh talk  
When will this payday be?  
Slavedriver!  
When will this payday be?  
You'd better give me that  
When will this payday be?  
For these retired slaves  
Bwoy, true!  
Mama come suffer, father come suffer  
Bad man suffer, pickney come suffer  
Brother come, gone a prison  
Uncle come, no have no job  
When will this payday be?
