(Annette Cotter/Kim Tribble)

Tonight - I am the hero that you dream
Tonight - I am the angel that you are
Tonight - we shine with love so new
But time alone will tell us what is true

Cause time - can bring an angel down to earth
And time - stands every hero against the world
In time - all lover's dreams touch down
And love must live much closer to the ground

When I'm just a man
When I'm just a woman
Will you love me then
Will you love me when
Love is only human

Cause love - can give you a man the strength to fight
And love - can make a woman's burdens light
And love - in time forgives us all
When heroes fail - Oh! when the angels fall

When I'm just a man
When I'm just a woman
Will you love me then
Will you love me when
Love is only human

Oh! when we know each other thru and thru
With all our imperfections
If we fall short of heaven
I'll still love you
I'll love you

When I'm just a man
When I'm just a woman
I will love you then
Oh! somewhere under heaven
When I'm just a man
Oh! when I'm just a woman

I will love you then
Yes, I'll love you when
Love is only human
