"Love Is Love"

Visit "[Love Is Love](#)" on MotoLyrics.com

You don't have to touch it to know
Love is everywhere that you go
You don't have to touch it to feel
Love is every second we steal
Love is love is nothing logic
Love is love is everything you do
Open up your eyes and you will see
Love is love is everything to me
You don't have to touch it to be
Wrapped up in emotion like me
Everyone must feel how I do
Love is just to be close to you
Love is love is nothing without you
Love is love is everything you do
Open up your eyes and you will see
Love is love is everything to me
And you know that love
Is love
It's written in black and blue
And everything
You say
Must bring her
Closer
Closer to you
Bye bye
Bye bye
Bye bye
