You, there is no one like you  
And all the things you do  
I want to spend my time with you  
I, hope that I am your type  
And that we could tonight  
Discover what new love is all about

Trying to close my mind of many folks running me  
wrong  
This case won't leave me alone  
We've gone working the wack  
Trying to trash my stature we won't go  
On a tedious to go pull strings  
Turbeo wanna clip my wings  
Through swadies purt to play  
Rascals running with teeth quechin' needed so can  
you...

Take me away  
Take me to a place where our love must be alone, oh  
yeah  
Take me away  
Take me by the hand and control what is going on, oh  
yea  
No matter what we may go through you got to  
understand  
That I want you I need you each day  
So take me away  
Take me to a place where our love must be alone, oh  
yeah

I, I never was too shy  
I really don't know why  
Tonight is gonna be alright  
Hey, let's try to get away  
This love is here to stay  
Because you make me feel this way

Pressure wants to punch my poise  
Church stealing my joys  
Time strip wanna take my toys  
Swindlin' my supplies

The squeeze but it's lacking the breeze  
Vics though seek the please  
The readings found the gold  
The devil's taking us over  
We can break for mine decay  
Bitterness all over my back  
Need tension, quenching, can you...
