Right there it is!
Pretty faces perfect hair make 'i see you' when
You float into my vision once again, yeah
Promises are in your eyes, never to return
Inside your love I'm bound to burn
Now you don't understand the rivers and the seas are
turning
Now it's out of my hands and I won't be a fool for
learning
What do you want from me
I give you everything you need
Twisted security
I give you everything you need
What do you want
Pretty faces break your heart words that turn to dust
I need to love and you I trust
Waiting for the wheel to turn shall I waste my life
A key to hold to paradise
Now you don't understand the rivers and the seas are
turning
Now it's out of my hands and I won't be a fool for
learning
What do you want from me
I give you everything you need
Twisted security
I give you everything you need
What do you want from me
I give you everything you need
Twisted security
I give you everything you need
Love a we, a love a we, love a we, I love ya
Love a we, a love a we, love a we, I need ya
Now you don't understand the rivers and the seas are
turning
Now it's out of my hands but I won't be a fool for
learning
What do you want from me
I give you everything you need
Twisted security
I give you everything you need
What do you want from me

I give you everything you need
Twisted security
I give you everything you need
