Life is like a dream
Soar high and you will die
Life is such a losing game
Die, you will survive

Be cruel and you'll be judged
Be good and you'll get crucified
Truth became a lie
Faith became anger
Truth you betrayed
Judas in this modern world

Liars, sinners, look wahat have we become
Deception is the name of the game
No fear for judgement day

Forgive me father for I have sinned
And I might just do it again

[Refrain]
Where's the helping hand?
Where are the promises
Where's the eternal life
Where's the promise land?

I'm losing grip of my sanity
I think I'm going crazy
Sleeping pills, loaded gun
Ideas playing in my mind
Walking in my sleep
Walking uo with bloody hands

(Repeat refrain)

The higher you fly
The harder you fall
Haven't you learned from your mistake?
Don't tell me something is wrong
I knew that since the time when I was born

Now you see me, now you don't
I only exist on your thoughts

I am you and you are me
And there is nothing you can do

(Repeat refrain)
