True love is scarce  
As crossed as prickles and thorns  
On juniper trees

True love is rare  
A species falling in love  
In time  
(I still believe)

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring

True love  
Is it a fairytale?  
Love isn't makebelieve.  
True love like ours is worth so much more than a  
diamond ring

True love's old fashioned  
True love is antique  
Love is established philosophy

True love is much more scarce than money  
Love in our pockets will never go hungry!  
In separate ways  
(And everyone says)

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring

\*Piano solo\*

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring

True love  
Is it a fairytale?  
Love isn't makebelieve  
True love like ours is worth so much more than a  
diamond ring
