I'm a disappearing act done poorly
But if I ever get it right, you'll miss me sorely
I look like the cat that just ate the canary
Coughing up feathers
There's a "get out of jail" card if I can think of
something clever

I'll plead the fifth on all of this

When your chips are down, and your drinks are all
gone
I'll still be here, wishing and waiting for you to come
home
Kaleidoscope eyes, sparkle at the world
My emerald city, downtown girl
In the sickness of you, I'm just a white blood cell
Fighting like hell for you

Oh, I'm just a crack, with no intent or stash
Pour gasoline on the vault just to burn the cash
I swear to God, I'd never heard a better sound coming
out
Then when you're whimpering my name from your
mouth I'll plead the fifth on all of this

When your chips are down, and your drinks are all
gone
I'll still be here, wishing and waiting for you to come
home
Kaleidoscope eyes, sparkle at the world
My emerald city, downtown girl
In the sickness of you, I'm just a white blood cell
Fighting like hell for you

I've got an insatiable desire for your insides
It's undeniable, I'll conspire and pull against your body
tonight

When your chips are down, and your drinks are all
gone
I'll still be here, wishing and waiting for you to come

home
Kaleidoscope eyes, sparkle at the world
My emerald city, downtown girl
In the sickness of you, I'm just a white blood cell
Fighting like hell for you
