Stop stalling, make a name for yourself.
Boy you better put that pen to paper and charm your
way out.
If you talk you better walk you better back your shit up
With more than good hooks while you're all under the
gun

Start talking "a sensationalist"
Oh he's slightly clever to just a certain extent
If you talk you better walk you better keep your mouth
shut
With more than good hooks while you're all under the
gun

(Panic!: meet the press)
It's time for us to take a chance
It's time for us to take a chance

(Panic!: meet the press)
It's time for us to take a chance
It's time for us...

Well we're just a wet dream for the webzines,
Make us it, make us hip, make us scene
Or shrug us off your shoulders
Don't approve a single word that we wrote

Well we're just a wet dream for the webzines,
Make us it, make us hip, make us scene
Or shrug us off your shoulders
Don't approve a single word that we wrote

I'm burning and I'm blacking my lungs
Boy you know it feels good with fire back on your
tongue
If you talk you better walk you better back your shit up
With more than good hooks while you're all under the
gun

Start talking "a sensationalist"
Oh he's slightly clever to just a certain extent

Well keep quiet let us sing like the doves
Then decide if it's done with purpose or lack thereof.

Just for the record,
The weather today is slightly sarcastic with a good
chance of:
A. Indifference or
B. Disinterest in what the critics say

It's time for us to take a chance
It's time for us...

Well we're just a wet dream for the webzines,
Make us it, make us hip, make us scene
Or shrug us off your shoulders
Don't approve a single word that we wrote
