I feel the salty waves come in
I feel them crash against my skin
And I smile as I respire
Because I know they'll never win

There's a haze above my TV
That changes everything I see
And maybe if I continue watching
I'll lose the traits that worry me

Can we fast forward to go down on me?

Stop there, and let me correct it
I wanna live a life from a new perspective
You come along because I love your face
And I'll admire your expensive taste

And who cares, divine intervention
I wanna be praised from a new perspective
But leaving now would be a good idea
So catch me up, I'm getting out of here

Can we fast forward to go down on me?

Taking everything for granted, but we still respect the
time
We move along with some new passion knowing
everything is fine
And I would wait and watch the hours fall in a hundred
separate lines
But I regain repose and wonder how I ended up inside

Can we fast forward 'til you go down on me?

Stop there, and let me correct it
I wanna live a life from a new perspective
You come along because I love your face
And I'll admire your expensive taste

And who cares, divine intervention
I wanna be praised from a new perspective
But leaving now would be a good idea

So catch me up, I'm getting out of here
Catch me up, I'm getting out of here

More to the point, I need to show
How much I can come and go
Other plans fell through
And put a heavy load on you

I know there's no more that need be said
When I'm inching through your bed
Take a look around instead and watch me go
Go, go, oh

Stop there, and let me correct it
I wanna live a life from a new perspective
You come along because I love your face
And I'll admire your expensive taste

And who cares, divine intervention
I wanna be praised from a new perspective
But leaving now would be a good idea
So catch me up, I'm getting out of here

It's not fair, just let me perfect it
Don't wanna live a life that was comprehensive
'Cause seeing clear would be a bad idea
Now catch me up, I'm getting out of here
So catch me up, I'm getting out of here

Can we go down on me?
Can we fast forward to go down?
